DETAILED ACTION

The following Restriction requirement is responsive to the amendment filed on 10/22/04.

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-5, drawn to a test-enabled web browser, classified in class 714, subclass 37.
 - II. Claims 6-7, drawn to a computer readable medium having program code for testing website, classified in class 714, subclass 37.
 - III. Claims 10, 13-21, drawn to a method for testing a website using a test-enabled browser, classified in class 714, subclass 37.

The inventions are distinct, each from the other because of the following reasons:

Inventions I, II and III are related as process and apparatus for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In this case the method as claimed can be practiced by another materially different apparatuses of claims 1, 2 or the computer code of claim 6. For example, the validation test using a DOM of claim 10 can be performed by a different apparatus other than the apparatus of claims 1, 2 or 6, and vice versa. Evidences further support for the distinct inventions can be also found in the applicant's descriptions of different embodiments, on pages 4-7, and 27-30 of the specification.

Art Unit: 2179

2. A telephone call was made to Mr. Douglass Thomas on 2/10/05 and 2/11/05 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
